

Operations and facilities Maintenance Manager

EnviroTech Molded Products (empslc.com) a world leader in large, heavy-wall injection molded products has an immediate opening for a highly qualified Maintenance Manager to help maintain production injection molding machinery and support equipment within our facility. The individual will be responsible for leading maintenance systems, overseeing the continuous improvement of manufacturing equipment and systems while executing long-term strategies. If you have over 5 years' experience in a hands on management role and a strong knowledge of electrical, hydraulic, and mechanical systems along with PLC programming abilities, we encourage you to apply today. We are looking for a creative self-motivated individual that has the ability to make things happen and a passion for developing dependable and reliable equipment.

Responsibilities and Duties

- Schedule, train, supervise and motivate employees within the maintenance department.
- Prioritize the maintenance and repair of company equipment and facility
- Ensure efficient repair and preventative maintenance
- Control and monitor Inventory and supply cost
- Plan project cost estimates and provide project management
- Provide strategic planning
- Coordinate work performed by outside vendors
- Implement safety policies and procedures for the department
- Assist maintenance team in trouble shooting and improving electronics, hydraulics, mechanics, and PLC programming as needed to meet production requirements.

Skills

- Bachelor's Degree in engineering or related field required
- 10 years' experience in manufacturing
- Strong knowledge of engineering concepts, including electrical, hydraulic and mechanical system.
- Knowledge and experience in PM, TPM, and predictive maintenance
- Ability to interpret blueprints, specifications and schematics
- Effective interpersonal and written communication skills
- Ability to work under pressure and multi-task effectively
- Excellent organizational and prioritizing skills
- Proficient in Microsoft office and with computers

We offer a competitive salary, and above average benefits including Medical, Dental and Optical insurance, vacation and holiday pay, 401k, educational assistance and more. If you are interested please forward your resume and salary expectations to mckinnon@empslc.com
